| **Requestor:** | JANET THELEN |
| **Department:** | COMMUNITY DEVELOPMENT |
| **Date of Meeting:** | JANUARY 27, 2020 |
| **Subject:** | REPEAL ORDINANCE NO. 2006-21, NO PARKING LEISURE DR. |

**Caption:**

**DISCUSSION AND ACTION REPEALING ORDINANCE NO. 2006-21 PROHIBITING PARKING AT ANY TIME SOUTH ON LEISURE DRIVE 47.5 FEET EAST AND 22.5 FEET WEST OF 214 LEISURE DRIVE.**

**Background:**

At the request of a resident, staff was asked to review the "No Parking – Tow Away Zone" in the vicinity of 214 Leisure Drive. Research by staff indicated that the "No Parking" ordinance was adopted in 2006 in response to resident complaints of an excessive number of vehicles parking along this portion of Leisure Drive as a result of employees of a resident coming to the business owner's residence on Leisure Drive. During this time, residents in the vicinity were reporting to the city they were having difficulty safely backing out of their driveways. In response to the resident complaints, the city adopted Ordinance No. 2006-21, city staff installed a "No Parking" sign and the curb was painted red.

In recent years, Leisure Drive underwent a total reconstruction and at that time, the contractor did not paint the curb red, but did reinstall the "No Parking" sign. According to residents along Leisure Drive, the concerns about the street parking and traffic safety no longer exist as the business owner no longer resides on Leisure Drive. There is not excessive traffic and/or parking along the roadway.

Police Chief Jahanara reports there have been no accidents or complaints from residents in this area in many years. Fire Chief Ward visited the location and advised that the width of the street allows for accessibility of fire apparatus even with street parking. The slight curve in the roadway does not pose issues for the fire department as there is adequate visibility from both directions.

**Fiscal Impact:**

None.

**Recommendation:**

Staff finds no significant need for the "No Parking" – Tow Away Zone" and concurs with the resident requesting removal of the "No Parking" sign. It is staff's recommendation that Ordinance No. 2006-21 be repealed.
